TouchPoint Medical, Inc. Acquires Promedica, Inc.

I am pleased to announce effective today, TouchPoint Medical, Inc., a subsidiary of TouchPoint, Inc., has acquired the assets of Promedica, Inc. Founded in 1987 and based in Oldsmar, Florida, Promedica is a leading designer and manufacturer of custom, high value medical carts and assemblies.

TouchPoint Medical is a leading global provider of innovative and intelligent hardware and software solutions that enable the safe, efficient and effective delivery of outstanding patient care. TouchPoint Medical provides mobility for medical and information technology through stationary and mobile carrier systems via our ITD and AccessPoint carts and wall mounting systems. In addition, TouchPoint Medical is a leader in stationary and mobile medication dispensing solutions through our AccessCenter, MedDispense, AccessRx MD and Vanas Medical storage solutions.

The acquisition of Promedica expands TouchPoint Medical's ability to partner with medical device companies in meeting their needs for customized mobile and stationary equipment solutions to host their medical technology. The Oldsmar facility has a well-earned reputation for providing excellent quality, delivery and value.

Please note there will be no immediate change in the way suppliers do business with Promedica. The procurement and payment process will continue in its current form until we are ready to move to the TouchPoint Medical business system. Throughout the integration, we will work towards ensuring a seamless transition for our customers, suppliers and Promedica associates who are now part of TouchPoint Medical.

Over the next several months, a TouchPoint Medical purchasing representative will be reaching out to your organization to answer your questions and provide additional details on the transition plan as it relates to the components that Promedica purchases from you. Again, our goal is to ensure a seamless transition for both our customers and suppliers.

We look forward to sharing more about TouchPoint Medical and our transition plan for the Promedica business. If you have an immediate question or need, please feel free to contact Paul Smith, Supply Chain Director, at 610-361-6247.

Thank you for your continued support and supply of quality products and services.

Sincerely,

A handwritten signature in black ink, appearing to read "Brian M. McNeill".

Brian M. McNeill
President & CEO
TouchPoint, Inc.
